

Lipo-Mini Mix Weight Loss Injections

These shots start with a special lipotropic **fat burning combination** of methionine, inositol, choline, carnitine and B12.

Each of these ingredients helps the body **turn fat into energy** and are also powerful antioxidants. In addition to the Lipotropic blend, the injections also contain a mixture of B vitamins which further help to facilitate **fat loss and increase energy**.

The formula is then completed by adding ingredients to reduce appetite, build muscle and promote a healthy immune system. See below...

- **Pyridoxine (B6)**: Promotes red blood cell production and converts food to energy.
 - **Methionine**: Helps break down sugars & carbohydrates and convert to energy.
 - **Inositol**: Converts food to energy.
 - **Choline**: Healthy nerve cells, cuts muscle recovery time, helps convert fat to energy.
 - **Hydroxocobalamin (B12)**: Energy, healthy nerve cells.
 - **Thiamine (B1)**: Improves immune system, helps convert fat and carbohydrates into energy.
 - **Riboflavin (B2)**: Increases metabolism, supports immune system.
 - **Carnitine**: Improves fat metabolism and energy, reduces recovery times and promotes muscle building potential.
- ◆ Cost: \$35 each, bundle of 3 for \$85, or 10 for \$250
Recommended: Once per week.
These are IM (intramuscular injections). We can administer or you can do them at home.
